RE: Main Street (Route 30)-Reconstruction Public Meeting

Dear Resident or Business Owner:

The Southborough Department of Public Works (DPW) invites you to attend the Tuesday, October 27th meeting of the Board of Selectmen at 7:00 PM. The meeting will be held at the 2nd Floor Hearing Room of the Town House, 17 Common Street.

At this meeting, the Town's project engineers, VHB, Inc., will present the preferred designs for the Main Street Reconstruction Project to the Board of Selectmen. The Selectmen will also hear the Planning Board's design recommendation. The Planning Board will deliberate on the project designs on October 26th.

The preferred design has been selected based upon the feedback that has been received at the three previous public meetings that have been held this year for this project. The design alternatives that were previously presented at the September 17th meeting may be viewed online at the Town's website at [http://www.southboroughtown.com/dpw/dpw/Main%20Street/Main Street.htm](http://www.southboroughtown.com/dpw/dpw/Main%20Street/Main%20Street.htm).

As a result of this meeting, the proposed Main Street design will be finalized, and a 25-percent design submittal will be developed for re-submittal to the Massachusetts Highway Department. If you have any questions, or need further information, please contact me at (508) 485-1210 or by email at jwoodsmall@southboroughma.com.

Sincerely,

TOWN OF SOUTHBOROUGH
DEPARTMENT OF PUBLIC WORKS

John R. Woodsmall, III, P.E.
Town Engineer

cc: Jean Kitchen, Town Administrator
